THE PROJECTS

GANG AND NON-GANG FAMILIES IN EAST LOS ANGELES

By JAMES DIEGO VIGIL • FOREWORD BY THOMAS S. WEISNER

Taking a closer look into the reality of life for the ostensibly poor, mostly Mexican American residents of the Pico Gardens housing project in East Los Angeles, where gangs have a longstanding presence, Vigil examines what factors make some families more vulnerable to gang membership, and why gang resistance is evidenced in similarly situated non-gang-involved families.

FERTILE MATTERS

THE POLITICS OF MEXICAN-ORIGIN WOMEN'S REPRODUCTION

By ELENA R. GUTIÉRREZ

In this exploration into how Mexican-origin women's reproduction has been stereotyped and demonized in the United States, Gutiérrez cites cases such as the coercive sterilization of Mexican-origin women in Los Angeles in the 1970s to open a dialogue on the racial politics of reproduction. She illustrates how the ways we talk and think about reproduction are part of a system of racial domination that shapes social policy and affects individual women's lives.

THE SEARCH FOR A CIVIC VOICE

California Latino Politics

by Kenneth C. Burt

\$24.99 paper
ISBN 1-930053-50-9
438 pages
40 illustrations

The Search for a Civic Voice: California Latino Politics is both an academic book and one that will be enjoyed by readers interested in history and current events.

MAYOR ANTONIO VILLARAIGOSA
from the Foreword

Kenneth C. Burt successfully argues his thesis that "Latino involvement in electoral politics occurred much earlier than is commonly understood and was achieved by mobilizing voters and developing coalitions."

This is quite an achievement, because there are no publications on Latino politics in California or elsewhere available with such extensive coverage.

Gronk

First in the A Ver: Revisioning Art History series!

Gronk documents one of the most important artists to emerge out of the Chicano art movement in the early 1970s. Author Max Benavidez deftly analyzes the cinematic, aesthetic, and literary languages that have significantly shaped Gronk's art, situating them within broader social and political contexts. Well researched and provocative, *Gronk* contributes both to the study of Chicano art and to understanding, and rethinking, American art more broadly.

— C. Ondine Chavoya, Williams College

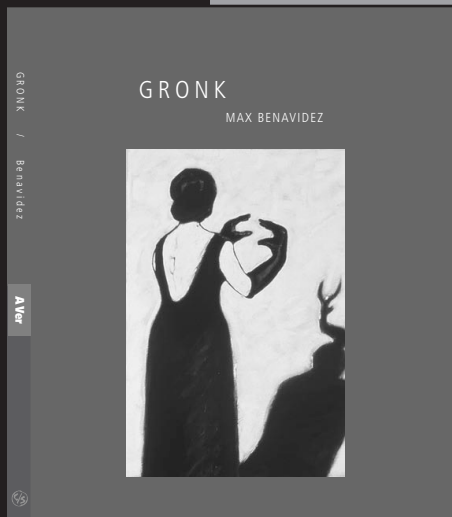

Gronk makes a crucial contribution to Chicano and queer cultural studies as well as to contemporary art history. The series it launches, *A Ver: Revisioning Art History*, promises to transform the field so that it more fully reflects the creative achievements and historical significance of Latino artists and, by extension, all modern artists whose work has been understudied, overlooked, or otherwise sidelined by the discipline of art history.

— Richard Meyer, author of *Outlaw Representation: Censorship and Homosexuality in Twentieth-Century American Art*
