

**Table S2.** Outcome from the evaluation of the strategies against the objectives by the participants in the second series of workshops.

	Category of objectives <sup>a</sup>		
Mitigation strategies	Biophysical	Economic	Social
Improved forest management			
Bioenergy	-	+	+
Higher utilization	+/-	+/-	+/-
LLWP*	+/-	+	+/-
Rehabilitation	+/-	+	+
Conservation-focused			
Old growth conservation	+	-	+/-
Reduced harvest	+	-	-

<sup>a</sup> Results are presented by category of objectives, where “+” and “-” respectively indicate the highest and lowest performance. The two procedural objectives were excluded from the evaluation by workshop participants.
